

Collective Worship Themes 2015 to 2016

Worship takes place every morning after registration and may be whole school, key stage, class or house family worship. Our pattern of worship each week also includes a singing assembly where we practise and add to the songs available for our worship, and a celebration assembly where we celebrate the achievements of different members of our school community.

We are very grateful for the regular input of local clergy and ministers and lay members of various denominations for their contributions to our worship in school and at our church services.

In addition to celebrating and reflecting on seasons of the Church Year, our collective worship themes are planned to include a focus on the Christian values that are an important part of the school ethos and that we aim to reinforce in this time of meeting together.

Below is an overview of the themes for the academic year. For more details, please ask at the school office.
